2021-2022 School theme 'Gratitude'

## Happy 2022!

You're reading the second issue, so you know that our school now has its own School Newsletter. We hope you're enjoying reading this one.

In this issue, there are some interesting pieces by students about the Outdoor Learning Activity Day, Christmas Parties and other school events. You can also find out what our P3 and P4 students have been doing in the Extra-curricular activity (ECA) period which has been lots of fun for all of us. Don't forget to read the latest news from the library from Ms Fung, including the author visit, 3D book display, and the "Reader's Theatre" sessions we had. It was fantastic to see so many of you come to the packed English Room that day! We hope

that we can arrange more of this next term. We had a great time reading the stories for you all. Finally, take a look at the online book club updates that we have for Hooked on Books on Padlet.

It's wonderful to have students writing for the newsletter and we're very grateful that they take the time to do it. We can't produce a newsletter unless we have people writing for it. So we encourage students to write articles for publication.

Remember, we're always looking for material for future newsletters. If you would like to write something, please talk to Mr Ashley or Mr West!

Words from the PTA Chairperson  
and  
Sister Chan's Corner

CSHK

## CSHK Parent-Teacher Association

We are fortunate to have a very active Parent-Teacher Association (CSHKPTA) at our school. Parents of students at the school work with teachers to organise various activities and raise money.

The PTA is run by a committee under the leadership of a chairperson. An election took place on Friday 8<sup>th</sup> October for a new committee, the 8<sup>th</sup> CSHKPTA committee, and the result was

announced at the annual general meeting on 16<sup>th</sup> October. Phillip Ng was re-elected to serve as chairperson of the new committee.

We would like to express our heartfelt gratitude to all the outgoing committee members, the 7<sup>th</sup> CSHKPTA. We welcome the new committee, to whom we will give our full support for their important work in the coming year.

### A Word from Phillip Ng, PTA Chairperson

Mr Ng is the father of Ng Yin Ching in Class 5E

It is a great honour to be re-elected as the chairperson of CSHKPTA this year and to be actively involved in the association's work.

All members of PTA will continue to act as a bridge between teachers and parents. This role is particularly important in this, our school's 70th anniversary. COVID-19 is sadly still influencing our daily life but we have planned several activities for the coming year despite the current restrictions.

The PTA will work with our school to organise a memorable celebration for such a meaningful anniversary. In particular, we are planning a wonderful Open Day that will showcase many of our school's activities. I hope that all students and parents will enjoy this event and make it unforgettable for all of us.

## Sister Chan's Corner

An Unforgettable Experience by Sr. Mary Chan

1<sup>st</sup> February is an important day for the Church. On that day in 1858, Our Lady revealed herself to a young girl named Bernadette in Lourdes, a small town in southwestern France. Since then, Lourdes has become one of the world's most visited places of pilgrimage.

Before I came to work at our school, I was given the opportunity to go to Lourdes for a week. What a great joy for me when I heard the good news from my Provincial. I couldn't sleep that night, because I was too excited. I longed for the day to come and I learned as much about Lourdes as I could.

It is wonderful to spend time in Lourdes because many people come from all over the world to pray and deepen their faith. Some of them are sick or injured. They pray to the Blessed Virgin Mary and immerse themselves in the holy water in the grotto, in the hope that they will be cured.

Each day I got up early in the morning and attended Mass at the Grotto. There were always many people there. The priests took

turn to celebrate Mass in different languages, so that everyone might understand. One afternoon, I queued up and waited my turn to soak myself in the holy water. Before going into the water, I expressed my faith and said a special prayer.

Near the grotto there is an exhibition room, full of wheel chairs, walking frames, sticks and other equipment used by people with disabilities. These items were left there to show that miracles had taken place and people were cured.

People visiting Lourdes have many different experiences. Some turn away from sin because they have experienced God's love, while others receive grace from God and are cured. Some find peace again in their hearts. I always give thanks and praise to God for one of the most special experiences of my life.

## P4 Extra Curricular Activity (ECA)

### Training Student Journalists

We're teaching P4 students about newsletter-writing in Extra Curricular Activity (ECA) lessons this year. Every Wednesday, one P4 class has a lesson about an aspect of the newsletter. So far, we've covered interviews and puzzles.

The first newsletter included an interview with Miss Lau, a new English teacher at our school. Four students in her class talked to her and found out a lot of interesting information. They wrote a great interview.

We read the interview in the ECA lesson and thought about how to do an interview – what questions to ask and how to make the interview interesting for the readers. Students then interviewed a classmate and wrote a short piece about what they found out. We plan to include more interviews by students in future issues of the newsletter.

Puzzles are always popular so we decided to put one on the back page of each newsletter. We're also teaching ECA students how to make a crossword puzzle. It's a fun thing to do!

You choose a theme – some ideas are food, animals or games. It can be almost anything! Then, you think of some words for that theme and fit the words into a crossword grid. Some of the words must go across the grid and the others go down. Next, you write some clues to help people guess what the words are, so they can write them in the grid.

ECA students have created some very good puzzles. One of them is on the back page of this newsletter. Have you done it yet?

# 04 Happy Learning CSHK

## Reader's Theatre

The first Reader's Theatre readings of this year took place in the English Room on Tuesday 30th November. P3 students came to hear a story during the first recess, while P1 and P2 students heard a different story in the second recess. Everyone had fun and we're planning to do more Reader's Theatre soon. Two students told us about the stories they enjoyed listening to.

### Aydin Chan, 3F

I attended the reader's theatre in the English Room at nine o'clock in the morning. There were many other schoolmates with me. We listened to Mr West read a book called *The Incredible Book Eating Boy*, written by Oliver Jeffers.

The story is about a boy who loves books. Well, he loves eating books! It is very funny and the pictures are great. We ran out of time so I do not know the ending of the story. I think that finally the boy may be eaten by the books! I will definitely attend another reader's theatre in the future!

### Quintus Li, 2A

My classmates and I went to the English Room in the second recess, for the Reader's Theatre. I listened to a story that Mr Ashley told us, called *Monster Snow Day*.

The story is about three monsters who get angry and argue with each other. Then they play in the snow and they become happy again. I enjoyed the story. I hope I can have a chance to tell a story when I join the reader's theatre next time.

# 05 Happy Learning CSHK

## Outdoor Learning Activity Day

Everyone was very excited on Wednesday 8 December. It was the school's Outdoor Learning Activity Day! We didn't have an outdoor day last year and we worried that it wouldn't be possible this year, either. But it did happen!

There were four different venues and many exciting activities. P1 students went to Hong Kong Park, P2 students visited the Hong Kong Zoological and Botanical Gardens in Central, and P3 students had fun in Kowloon Park. P4 students enjoyed exploring Jordan Valley Park above Kwun Tong, while P5 and P6 students did some strenuous activities at the Tai Tam Scout Centre. Everyone had a wonderful time!

We asked a student from each year to write about what they did on the Outdoor Learning Activity Day.

**Chloe Poon, 1F**

The weather was sunny when I went to Hong Kong Park with my teachers, classmates and some of their parents.

I saw many plants and flowers at the Plant House. They were tall and beautiful. I enjoyed smelling the fresh air and feeling the warm temperature.

Visiting the park was fun and I learnt the names of many plants and flowers. I felt happy because this was my first outdoor activity.

I want to thank my school, teachers and classmates' parents because they organized this activity and took care of us.

Chloe Poon, 1F

**Mia Yeung, 2F**

I went to Hong Kong Zoological and Botanical Gardens with my classmates and teachers, and some parent volunteers.

I listened carefully to my teachers and parent volunteers' instructions before going to look at the animals. I felt happy because the animals are cute and I love looking at them.

I really enjoyed the day because I learned a lot at the Zoological and Botanical Gardens, especially about animals.

I want to thank my school and all the teachers and parent volunteers, especially Mr Choi, Miss Tang, and Hazel's mother. They ensured that we were safe.

Mia Yeung, 2F

# 06 Happy Learning CSHK

**Choyce Lau, 3C**

Choyce Lau, 3C

I went to Kowloon Park with my classmates, my mum and my class teachers, Miss Chong and Miss Ho.

I saw many different plants and walked through a giant garden maze. I felt excited. The activities were great fun. I learned how to use my five senses to observe the plants.

I really enjoyed the day and I want to thank our principal for organizing it.

**Michael Tam, 5F**

My classmates, teachers and I went to the Tai Tam Scout Centre. First we had to complete a task paper, by finding letters hidden all over the grounds.

After that, we played on a rope course while the teachers took pictures of us. It was very exciting but I almost fell off the rope once. Fortunately, my classmates pulled me back onto the rope. I was grateful because my classmates helped me and I learned that teamwork is extremely important.

I really enjoyed the experience of that wonderful day.

Michael Tam, 5F

**Zoe Chan, 4F**

The Outdoor Learning Activity Day was about students learning and having fun. All the fourth year students and their teachers went to Jordan Valley Park.

When we arrived at there, I was really surprised! The park was enormous, with huge open areas of grass.

When we were playing Frisbee on the grass, I threw it to my friend but it flew too high and fast. My friend couldn't catch the Frisbee and we didn't know where it went. We looked everywhere and eventually we found it in the bushes.

When I picked the Frisbee up, I saw a beautiful flower behind the bushes. It was a lovely purple colour and very delicate. I was delighted and asked my friend to look at it.

Zoe Chan, 4F

I had a great time that day. I learned to be more careful, so I won't throw the Frisbee too far or fast. Finally, I would like to thank the principal for organizing this activity, and our class teacher for taking us to Jordan Valley Park.

**Wannie Hui, 6E**

On the Outdoor Learning Activity Day, I went to the Tai Tam Scout Centre by school bus with my teacher and classmates. We were delighted to go there.

My friends and I went rock climbing and played badminton. These activities were exciting and fulfilling. We all felt over the moon and had a whale of a time.

I enjoyed the day very much because I could get close to nature. I want to thank my teachers for organizing the activity day.

Wannie Hui, 6E

# 07 CSHK Highlights CSHK

## Christmas Party

Wednesday 22<sup>nd</sup> December, the last day before the holidays, was Christmas Party Day. Every class had a party in their classroom, where they could play games and have fun. There were also many exciting activities in the playground, with clowns, magic shows, juggling and amazing balloon shapes.

We asked some students to tell us about their Christmas Party experience.

### Yanmi Kwok, 1E

I made a balloon in the playground and played some games in the classroom. I felt happy because I made a balloon and it was my first time to play games in our classroom with my classmates. I learned some new games that I can play with my friends.

Yanmi Kwok, 1E

I enjoyed the Christmas party so much. Thank you to all the teachers, for coming up with so many games to play with us. I love them a lot!

### Adamas Hon, 3D

We played some games in our classroom, such as 'North wind blows' and 'Guess the leader'. They were all great fun. I was very excited about playing games with my friends, classmates and teachers.

I enjoyed the day because I could play games and I won a few times. I also learned that celebrating Christmas is not about Santa Claus, it's about Jesus.

I want to thank the principal for organizing the day, the teachers for helping the day and the classmates for playing with me.

Adamas Hon, 3D

### Jolie Li, 2B

The Christmas Party was really fun. First, my classmates gave out delicious snacks. Then we watched a lot of videos. Some were funny, like "Singing Saint", and others were holy, like Sister Chan's talk. We couldn't share a big cake together because of the Covid-19 pandemic, so we had delicious mini chestnut cakes.

Later, I watched a magic show with my brother, Ricco, and my friend, Andrea. Max the magician called me out to assist in his

finger cuff act. I was very nervous when Max locked my thumbs in his finger cuffs. He said he could only unlock my thumbs with keys. But he had forgotten his keys! I was so worried because I thought my poor fingers would be stuck forever!

Luckily, Max did some magic and I got my fingers back, plus a strawberry lollipop. Whew! This was the most unforgettable Christmas Party ever.

Jolie Li, 2B

# 08 CSHK Highlights CSHK

## Kiana Lo, 4B

I had a happy and very special Christmas Party with my 4B buddies. The party was a lot of fun and I enjoyed it very much.

The most memorable part for me was playing "Pass the doll". It made me feel excited. Our screams could be heard throughout the whole floor!

I'd like to thank the clowns in the playground. They spent a lot of time twisting many balloons and doing magic shows. I think they worked very hard.

Kiana Lo, 4B

## Grace Wong, 5A

I was very excited on the day of our Christmas party. We watched a magic show and there was a clown twisting balloons for us in the playground during recess. We also played lots of games in the classroom at eleven o'clock.

The events were fun and unforgettable because this was my first time to see a clown twisting balloons and I enjoyed playing games with my friends.

I've learnt that it's not easy to hold a party during the pandemic. I am very grateful that we could have this special day. I want to thank my teachers because they did a lot of preparation for the party and decorated our classroom to make it more Christmassy! I hope all our schoolmates, teachers, school workers and our principal will have a happy Christmas holiday.

Grace Wong, 5A

## Aidan Wong, 6F

'Joy to the world! The lord is come!' Christmas is always my favourite time of the year. There was a great vibe of happiness and blessings in every corner of the school when we had a Christmas party to celebrate the birthday of Jesus.

This was my first time to sing and praise Jesus in the worship ceremony at school. A lot of people were watching. It was a great chance to learn to be confident on the stage.

After performing in the ceremony, I quickly dashed down to watch the clowns juggling and doing magic shows. The balloon twisting also attracted me and I darted over to line up immediately. Luckily, I was the third one to get a balloon sword. 'Hooray!' I jumped up and down joyfully.

I saw that my friend, Hanson, was queueing in other line. I decided to help him get a balloon so I lined up again and waited patiently. Finally, I got one. I zoomed back to find Hanson. He was disappointed at first as too many students wanted to get a balloon. He was shocked when I gave him one. He instantly wore a radiant smile and I felt very happy. The best way to multiply happiness is to share it with others.

I am thankful to all the teachers who organised the awesome games and activities for us.

Aidan Wong, 6F

# 09 Books of the Season CSHK

## Book Section

Welcome to the book section of the second edition of our CSHK newsletter! I hope that everyone had an amazing Christmas holiday, and you did lots of nice things with your friends and families. In this issue some books that we think you will love to get to your hands are chosen. If you read *the Amari and the Night Brothers*, the new book will be AMAZING! If you didn't, there is a copy in the English Room. Feel free to ask Mr West and Mr Ashley about any book you're interested in.

If you would like to join the newsletter team and help out with future issues, let us know. It is always a pleasure to read your book reviews, see your drawings of characters and book covers, and you may have some ideas of your own that we could feature. Good luck with the rest of your second term this year.

Enjoy the issue and keep reading!

## AWESOME WINTER VIBES!

Welcome to the new book section of our second school newsletter.

Here are the picks for our winter book selection! There are picture books, funny stories and adventure books. For our older, more confident readers, there are some amazing new

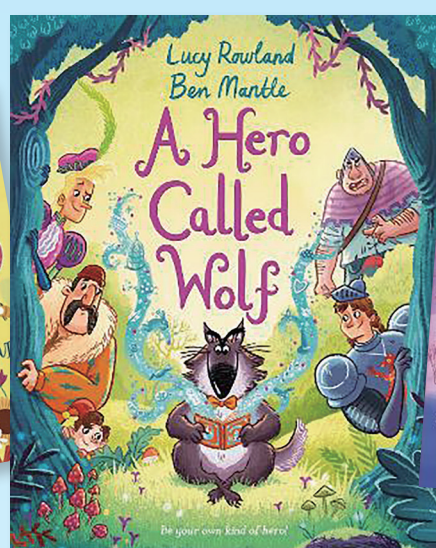

magic and fantasy titles. Perfect for fans of Harry Potter. Something for everyone! As always, check out the website below. It is jam packed with new books, some of them show extracts that you may read before you buy.

Happy reading!

# Author Spotlight

CSHK

**Michael Rosen**

Our featured author this month is the wonderfully talented Michael Rosen. Michael is one of the best-known authors in the world of children's books as a fantastic writer, poet and performer. There is something for children of all ages to enjoy in Michael's collection. There are lots of videos of him reading his stories and poems online which you can all share with your families. Below are some of our favourites.

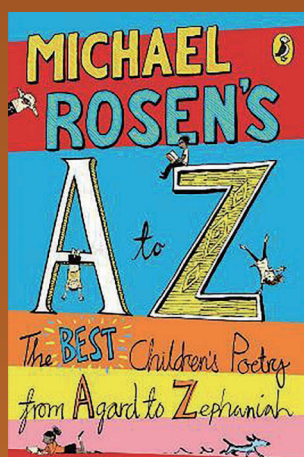

We hope that you enjoy them as much as we do!

You can learn more about Michael and his books here: <https://www.michaelrosen.co.uk/about/>

You can follow his Youtube channel here: <https://www.youtube.com/c/MichaelRosenOfficial>

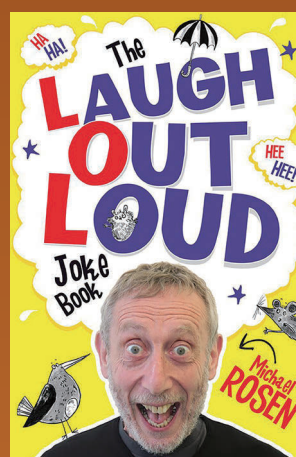

## SUITABLE FOR ALL AGES TO SHARE - P.1-6

### Michael Rosen's A-Z: The BEST Children's Poetry

If you have never read any poetry before, try this! Some of these poems are hilarious, some make us think, some make us want to write more ourselves!

They show that poetry doesn't have to be serious, it can also be fun.

### The Laugh Out Loud (LOL) Joke Book

Everyone likes to laugh and giggle don't they?

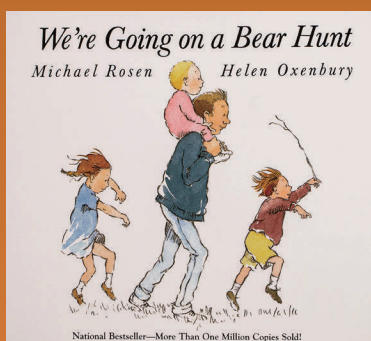

Why not impress your friends and tell some silly and funny jokes at school or at home?

You could be the funniest person in your class! Here is a selection of hilarious jokes from Michael himself that he would like to share with you.

## P1-2

### We're Going on a Bear Hunt

We're going on a bear hunt. We're going to catch a big one. Will you come too?

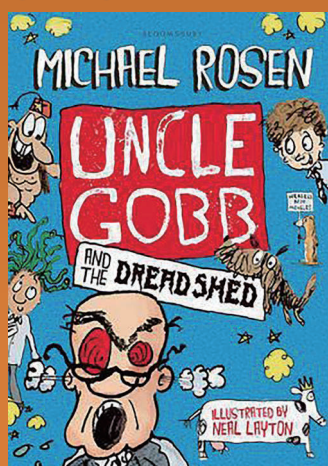

Follow and join in the family's excitement as they wade through the grass, splash through the river and squelch through the mud in search of a bear. What a surprise awaits them in the cave on the other side of the dark forest!

## P3-4

### Uncle Gobb and the Dread Shed

Malcolm is in all ways an ordinary ten-year-old. This is a perfectly ordinary story featuring one perfectly ordinary ten-year-old, his very bossy uncle, some baked beans, a school which tries to make interesting things BORING, the famed Italian city of Ponky, and a genie who appears when you rub your nose. It also includes lots of very useful facts, many of which are untrue!

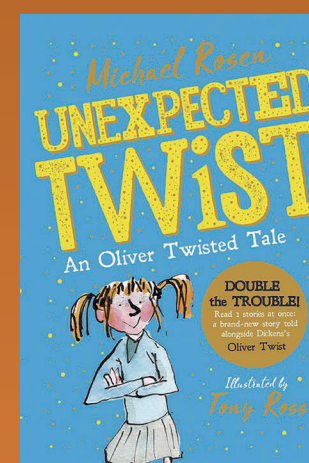

## P5-6

### Unexpected Twist

Double the trouble! An original novel by Michael Rosen, told alongside the Dickens classic that inspired it: Oliver Twist.

Shona and her dad are moving house, and at Shona's new school, the rules are pretty confusing; she keeps getting into trouble without realizing! It's a lot like how it is for Oliver Twist, that boy she's reading about in English class.

After Shona is unexpectedly given a mobile phone, she begins to suspect there's something fishy about the new boys she's met. Where did the phone come from? And some gifts, she soon learns, aren't exactly free... Read two stories at once – both illustrated by Tony Ross.

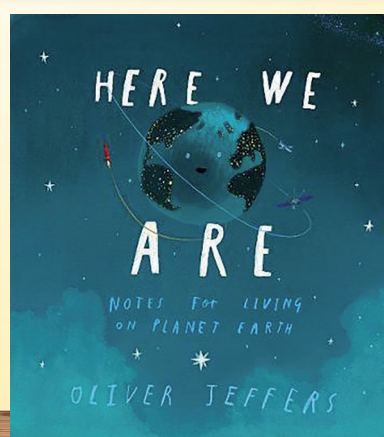

## P3-Extra-Curricular-Activity (ECA)

Over the last two terms, P3 students have been able to visit the English Room for a special 'Hooked on Books' ECA. It has been wonderful to welcome the students back into the English Room, and they have all enjoyed being part of the storytelling sessions. They were excited to listen to the stories and really keen to discuss them. Our students have some really fantastic ideas and opinions to share based on what they read, which makes for amazing book-talk. We have read two titles together so far, one non-fiction book and one story. You can see them below.

*Here We Are:  
Notes for living on  
Planet Earth  
Oliver Jeffers*

*The Secret of  
Black Rock  
Joe Todd Stanton*

*Here we are: Notes for living on planet earth* is a lovely book where the author writes a guide for his newborn son about what he will find on planet earth and how to understand the world around him. Our P3 students were really interested in the book and enjoyed sharing their thoughts on the planet and solar system. We talked about day, night, cities, the countryside, oceans and their favourite sea and land animals. We also shared ideas about how to take care of our planet now and in the future.

During the lesson the students posted their own ideas of what they love about our planet on the "Here We Are" world board. They also included ideas about how we can care for our planet.

The children loved our second book, *The Secret of Black Rock* where a young girl called Erin dreams of going to sea, just like her fisherwoman mum.

She discovers that Black Rock is not a frightening monster at all but a home to many wonderful sea creatures. Erin is incredibly brave and stops the fishermen from the town destroying black rock with their machines. A lovely story of hopes, dream and a win for nature over machines.

Following the read, our students thought about their own hopes and dreams, wrote them down and placed them inside the hopes and dreams box. We hope they come true for them!

# 1 2 Reading Activities CSHK

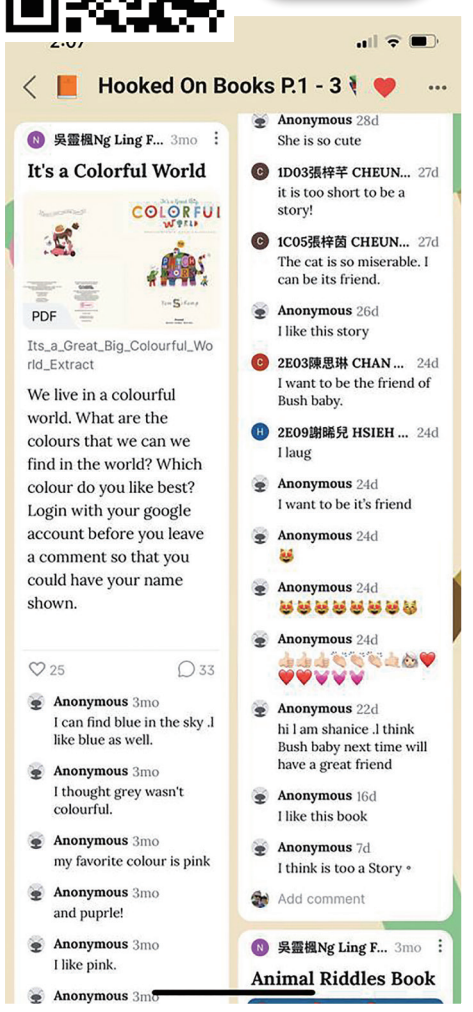

## Hooked on Books need you!

P1-3

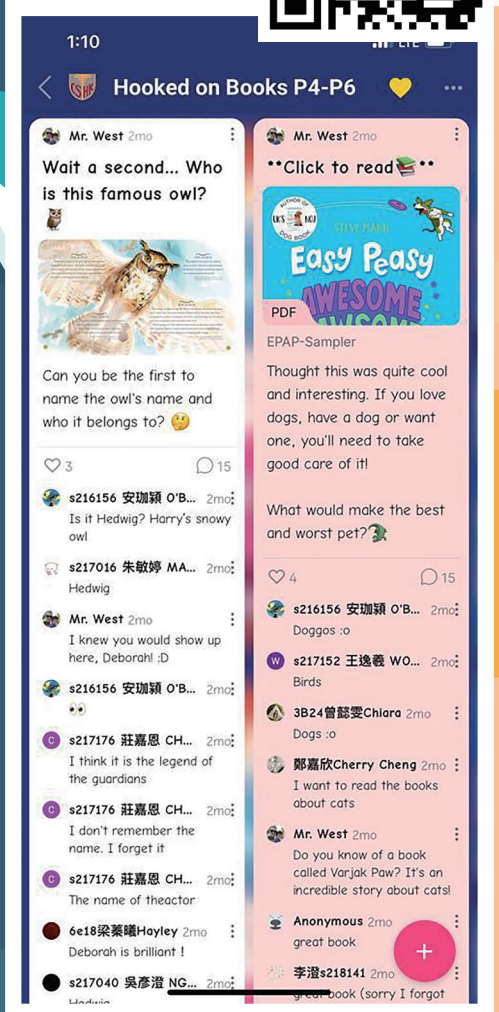

P4-6

### Have you visited Hooked on Books online?

This year we launched our brand new online book club for you all to keep up to date with some of the latest books out there. You can use Padlet on a mobile phone, tablet or computer. It's great to see so many students coming online to post comments on the books there. If you haven't been online yet to find us, do it now! Tell us what you liked about the story or the characters. Talking about books and sharing stories together is a wonderful thing, and exactly what Hooked on Books is all about. Don't wait! Stop by today!

## School Librarian

### Abigail Lee, 4A

I wanted to be a school librarian because I love reading and I enjoy sharing the interesting books I read with my schoolmates. As a librarian, I put the returned books back on the shelves and make sure they are in the right place. I also serve schoolmates at the book loan and return counter.

I read the story of Gratitude to Class 2D on 21<sup>st</sup> October, and to Class 1D on 28<sup>th</sup> October. Before reading to my schoolmates, I practised with my partner during recess. The story is called *Thank you* and it is about respect and trust between friends.

When I read the story to those classes, I felt quite nervous. The students had different attitudes. Some looked bored, but others were concentrating on my reading.

I was so grateful after doing this. I was shy in the past but reading the story to two classes made me more confident about sharing ideas with others. I will try to encourage my schoolmates to read more books.

### Caleb Poon, 4A

Earlier this year I become a school librarian. It is a meaningful job and allows me to help others. As a librarian, I help schoolmates to find books in the bookshelves, and then check the books out.

I read a story called *Thank You* to 1A and 2A schoolmates in October. The story was about being grateful and showing gratitude to others. Initially, I was shy about reading because I am afraid of public speaking. However, my mother gave me a lot of encouragement and I invited my classmate Shun to read with me. This helped me to overcome my anxiety.

We put on a great show because I had practised many times with Shun before reading the story to my schoolmates. I was so touched when they gave me a round of applause. It helped me to realise that, with practice, I can overcome challenges.

As a librarian, I hope to encourage my schoolmates to visit the library more often. There are many interesting and exciting books in the library. Perhaps we can organise sharing good books together.

# 4 Students' Work CSHK

## Ally Choi, 1E

Name: Christmas Adventure

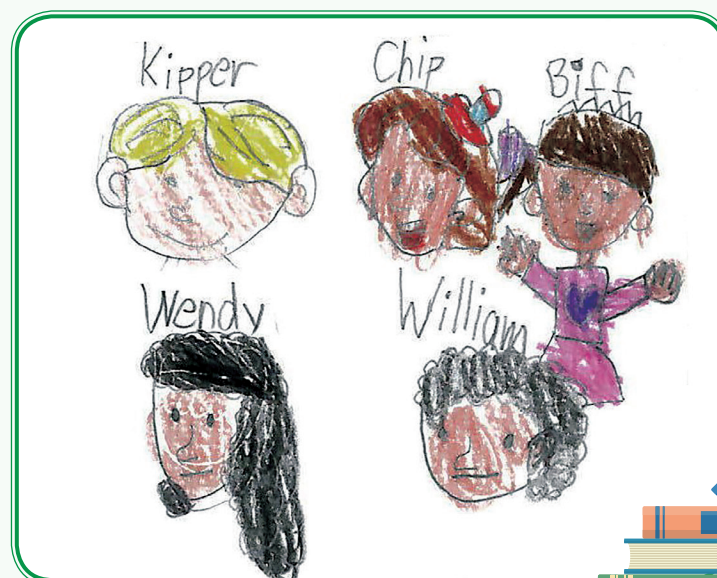

Author: Roderick Hunt

Illustrator/Photographer: Alex Brychta

Publisher: Oxford University Press

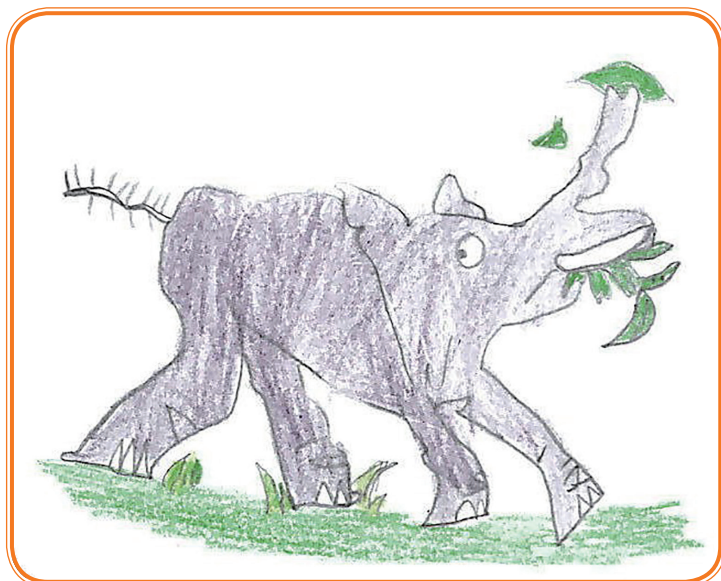

I like Biff, Chip Kipper, Wendy and William most in the story because they helped Father Christmas decorate and tidy his house. They also helped him make some strawberry jam sandwiches.

I enjoy reading this book because the pictures are colourful. The story is very funny. I want to have a Christmas adventure with my classmates.

I like Trunky the Elephant most in the story because it is brave and clever. Trunky stops the bad Crocodile to eat the children.

I enjoy reading this book because it is fun. The most interesting part is Trunky swings the Crocodile round and round in the air. In the end, the Crocodile goes shooting high up into the sky like a rocket.

## Cyrus Wong, 2F

Name: The Enormous Crocodile

Author: Roald Dahl

Illustrator/Photographer: Quentin Blake

Publisher: Puffin

There was a girl called Mary. She lost her mother because of a fever, so her uncle arranged her to live in a manor on the plain. Mary felt bored and scared at first, but she made friends with a boy named Dickon. Together, they found Mary's sick cousin, Colin. They found a key to a secret garden.

They played every day in the garden. Because of the fresh air, Colin recovered. His dad was surprised and happy.

I like Dickon most in the story because he was very helpful. He helped to revive the garden and helped Colin to get healthy again.

I enjoy reading this book because the story is mysterious. I want to find out what is in the secret garden. I was very glad when Colin recovered!

## Gabriel Tong, 3D

Name: The Secret Garden

Author: Frances Hodgson Burnett

Illustrator/Photographer: Alan Marks

Publisher: Usborne Paperbacks

# 15 Students' Work CSHK

This story is about an emperor of China. He gave every child a seed and asked them to bring the plant back after one year. He would choose one of them as the emperor. A boy called Chen planted it carefully but the seed didn't grow. Though he felt sad, he still told the emperor the truth. At last, Chen became the new emperor because the emperor said that the seed was spoiled and they could never grow.

I like Chen most in the story because he was honest, he just told the truth to the emperor. He used his best effort to try to grow the seed and didn't put another seed to replace it even it didn't grow.

## Jady Chong, 4A

Name: The Empty Pot

Author: Betty Yee

Illustrator/Photographer: Alan Marks

Publisher: Usborne Paperbacks

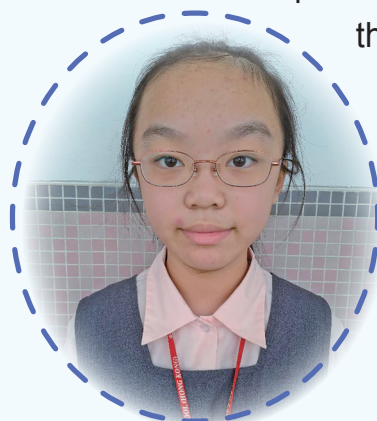

## Cindy Shi, 5E

Title: The BFG

Author: Roald Dahl

Illustrator: Quentin Blake

Publisher: Puffin Books

The story is about Sophie and the Big Friendly giant rid the foul man-eating giants and became friends with each other. I like this book because the pictures in this book are very artistic and the descriptions of the characters are vivid. My favourite character is the Big Friendly giant because he is kind and he helps many people. I learnt that we should help people. I think the giant drink, frobscottle is very interesting, I would like to drink it if I have a chance. I watched the movie of the BTG before, but I think the book is more amusing than the movie. I think this story is so wonderful, so I will suggest it to my family and my friends.

This book is about Greg Heffley who is experiencing awkward, weird changes in his life like growing faster than he thought he would. He is also getting into a fight with his friend Rowley because they always hung out together but Rowley started hanging out with someone else. It is a fantastic and funny book that makes people burst out laughing. I like it because the life of Grey Heffley is really amusing. I learned a lot of new words too!

My favourite character is Grey Heffley because he is funny and positive. There was always something unfortunate happening to him.

I learned that we should behave nicely to our friends. Don't fight with them. Friendship is precious. We should value it.

## Katie Chan, 6B
